

Illinois Film Tax Credit Tracking Sheets

The Illinois Film Production Service Tax Credit provides production companies with a 30% tax credit on Illinois wages. The tax credit is increased to 45% for those individuals that live in economically depressed areas of the state.

In order to comply with the tax credit rules and regulations, production companies must hire Illinois residents that represent the diversity of the State. The Illinois Department of Commerce and Economic Opportunity request that production companies have their Illinois crew complete this form and return it to the production office.

Completion of this form is optional and is used for tracking purposes only!

Name _____

Name of Production _____

Position/Title _____
